

April 1, 2009

Jeff,

We have used your brush truck quite a bit lately helping other towns with some huge grass fires. Believe me your vehicle has made quite the impression; people are stopping us so they can take our picture. Other departments have said that is how a brush truck should be. Again we are very pleased and so are a lot of other departments with our truck. I'm sure when they go to spec a truck they will ask us where to find you.

Thanks,

Asst. Chief Jim Kreher  
Fox River Grove Fire Protection District  
Fox River Grove, IL
